

Economics

Harsanyi (1968); Crawford & Sobel (1982)

3, 3	0, 4
4, 0	1, 1

Truthful reporting + defection

Vary rewards, costs, and sanctions

Computer science

Watkins & Dayan (1992); Leung et al. (2026)

Epsilon-greedy Q-learning

No report / strategic / verified

Behavioral science

Sommerfeld et al. (2007)

Calibrated trust vs payoff learning

Compare report use and cooperation

When does third-party information sustain cooperation?

Honesty | report use | cooperation | exploitation | welfare

Dashed arrows = interdisciplinary test; all reported outcomes are simulated.
